

## BENEFITS

Each **Preventive Care Plan** provides veterinary services for one year and can be upgraded to a different plan when the need arises. Some benefits universal to all **Preventive Care Plans** are:

- All necessary vaccinations and diagnostic tests
- 12 affordable monthly payments
- Exam copay on scheduled examinations
- Additional discounts on eligible items that are not included in the plan

The cost for each **Preventive Care Plan** is divided into 12 equal monthly payments. **Clifton Park Veterinary Clinic** wants to be the primary caregiver for your special friend throughout every stage of life and we will strive to make that both convenient and affordable for you.

Ask one of our team members which **Preventive Care Plan** is right for your pet and enroll today!

## PUPPY AND KITTEN

**Petly™ Plans**

# PREVENTIVE CARE PLAN OVERVIEW

Puppies and kittens inherit a natural immunity from their mother that protects them from birth until about 6 weeks of age.

After 6 weeks, your pet depends on you to continue that protection until their own immune system is fully developed. A **Preventive Care Plan** is designed to continue that protection by providing all services necessary to carry your young pet through the important first year of life.

Preventive, routine health care is the key to a longer, happier life for your young pet. The puppy and kitten plans offered by **Clifton Park Veterinary Clinic** include all necessary examinations, vaccines, lab work and other tests necessary in the first year of life. If your pet has not been spayed or neutered plan members receive a 10% members only discount on the surgery.

For maximum protection, we strongly recommend you enroll your pet in a **Petly Plan** between 8 weeks and 5 months of age.
